

SEND Workshops & Training Service

Autistic Spectrum Disorder (ASD) Post-Diagnosis Workshops

ABOUT US

The SEND Workshops & Training Service provides FREE practical workshops and peer support to parents and carers of children and young people (aged 0-16 years) with a diagnosis of Autistic Spectrum Disorder (ASD)

WHAT WE OFFER

A rolling programme of daytime and evening workshops covering themes which include...

- Introduction to Autism
- Behaviour
- Communication
- Sleep
- Emotions
- Transition
- Understanding the brain

- Information marketplace events.
- One-to-one follow up sessions.
- Information on support services available to families, including Early Help and wider POINT services.

HOW TO ACCESS

As a parent/carer: you can phone our service direct and make a self-referral or if your child is still under the care of Healthy Young Minds or the Community Paediatric Service, you can ask them to make the referral to our service.

If your child is no longer under either of those services, you can request a referral be made by:

Early Help; School Nurse/SENCO, GP or Social Care/Social Worker.

As a professional: you can make a referral direct to the service. Contact us to request a referral form.
