

# School wider reopening safety information

**In order to help the wider reopening of schools/early years settings we are asking parents and carers to follow some simple steps:**

- 1) Please drop off your child at the place suggested by your school and, wherever possible, by one adult only
- 2) If your child is over five please do not enter the school building yourself if at all possible
- 3) Remember hand washing is really important so wash your hands before you leave home and when you return
- 4) Please don't come to school/early years setting if you have symptoms of coronavirus or your household does but follow advice to isolate and order a test
- 5) Remember to keep socially distant wherever you can, in your street, in your workplaces, in the shops, in the playground

We would ask all parents and carers to show patience and kindness to others as we all move forward at this challenging time.

For more information please stay in touch with your child's educational setting which will give regular updates or visit the council's website at [www.oldham.gov.uk](http://www.oldham.gov.uk)
